

BREED REQUEST

Please note: The Staff at the Lycoming County SPCA will make every effort to match your request with an animal that comes into the SPCA. Due to the volume of animals that come through our doors, it is possible that we might miss a specific breed that you request.

If we do make a match to your breed request, we will call you and hold the animal for you for 24 hours. If you do not respond within the 24-hour time period, we will make the animal available for general adoption. Your breed request is good for one request only, if the SPCA calls you with your breed request and you chose not to adopt the animal, your request will be discarded.

There is a \$5.00 non-refundable donation required, and a completed adoption survey to process your request.

Today's Date _____ Your name _____

Animal Requested Dog Cat Other: _____

Breed _____

Sex Male Only Female Only Either Sex
